“The MPDM makes loving your work easy. I wake up every morning excited to walk in the doors and see children learning through play and experiencing joy with their families. The Museum’s partners and staff are dedicated to serving our community, and their passion inspires me everyday.”

"Teen Night is a new monthly event that focuses on providing a safe and inclusive environment for teens in our community to be themselves! We are so happy to be able to provide this type of event completely for free for the community, as there are so few opportunities for our teens in our area!"
